Strengthening Industries
Enriching Lives

About Us

Introduction

Energy International is an upcoming energy supplies company in the U.A.E. We yearn to be the best in the next five years. Energy International deals with the fuel oil supply such as Diesel & Fuel Oil. Since 2009, Energy International has been a catalyst in developing downstream and upstream diesel and fuel activities. Today, it is poised to engineer a new challenging period of growth and diversity. With a mission to be the reliable energy partner of choice in each sector in which it operates. We are committed to provide only the best quality in the market.

Mission

To be the most reliable energy partner in each sector we operate in. Continuously achieve superior financial and operating results while simultaneously adhering to high ethical standards in products, services and delivery.

Vision

Our vision is to be a leading regional integrated petroleum company, that makes an impact in people's lives.

Products

- **Original Fuel Oil**
 - a. 380 cSt
 - b. 180 cSt
 - c. 60 cSt
- **Furnace Fuel Oil**
- **Gas Oil**
 - a. ADNOC (0.05%)
 - b. Low Sulphur Saudi
 - c. High Sulohur Saudi
- Naphtha, Bitumen, Base Oil, (if needed we can supply a sample before any order for assurance of our high quality product).

Facilities

- Transportation- EHS certified Fuel & Diesel oil trucks with setup calibrated flow meters, range of different size hoses and pumps.
- Laboratory (Capable of testing the Sulphur, Water, Density, Viscosity etc.)
- Weight Bridge System (Up to 100MT)
- Storage tanks for fuel & diesel (Up to 800 MT)
- Fire Fighting System

Fuel Oil

Providing Energy for Human Progress

Energy International supplies a diverse range of petroleum based products. Identifying every client's unique requirements ensures the quality, physical supply of product, efficiently and economically.

Through our dedicated team of professionals, we supply a diverse range of Fuel Oil procured directly from renowned refineries and producers.

- a. 380 CST, 180 CST, 60 CST**
- b. Local Market**
- c. Bunkering**

Gas Oil

Diesel

Gas oil can be used for heating and also for automotive applications, where it is called "diesel". Diesel is used for commercial, industrial and agricultural off-road vehicles & machinery. We supply low and high sulphur gas oil. We obtain oil from countries like Kingdom of Saudi Arabia, Iraq, Kuwait, Qatar and local market and deal with in different types of diesel such as :

- a. ADNOC (0.05%)
- b. Saudi diesel (Low & High Sulphur)
- c. Iranian Diesel

Quality Assurance

Before it is supplied to our clients, it is tested in our laboratory. Our Labs are capable for testing the sulphur, water, density, viscosity etc. Only the best quality diesel is supplied to clients. We supply diesel to some of the leading industries in the region. All our products are deliverable immediately in Bulk, Flexis or Drums.

If needed, we can supply a sample before any order, for your assurance of our premium products.

Bunkering

Our commercial bunkering crew has an outstanding record of quick fueling turnaround and avoidance of costly delays. Our fuel bunkering teams are trained to be efficient while following strictest safety procedures.

We're proud of the quality and convenience delivered to our marine bunkering clients.

We provide bunkering facilities to all ports in UAE:

- Port Rashid
- Port Jebel Ali, Dubai
- Port Abu Dhabi
- Port Ajman
- Port Umm Al Quwain
- Port Ras Al Khaimah
- Port Khorfakkan
- Port Fujairah
- Port Sharjah

● Truck to Ship (Vessel)

● Truck to Tank (Storage)
